REPORT OF THE BOARD OF SELECTMEN

The year of 1983 has been a good, but busy, year for the Selectmen. One or more members have attended numerous meetings including those held by the Department of Revenue Administration, the Municipal Association, the Merrimack County Commissioners, Merrimack Valley School District and New Hampshire Office of State Planning. We have also found it necessary to consult Town Counsel numerous times before rendering decisions on a variety of requests made of us. This was the year we walked the town bounds with Salisbury and Boscawen. Warner will probably be done in 1984. We also traveled all the town roads – both Class 5 and Class 6 and verified the fact that we have 33 miles of roads in Webster not including State roads.

Our schedule of meetings of every other Monday night is working out well and the office is open all day on Mondays and Wednesdays. It is absolutely amazing the amount of paper work that is now required to keep up with all the forms and requests that the State requires and we are most fortunate to have an excellent Administrative Assistant to do this work and answer the many phone calls that come into the office as well as the number of people who visit the office looking for information of all kinds.

May we take this opportunity to thank all those people who are willing to serve on the various committees of the Town of Webster. Their time and input are greatly appreciated.

AUDITOR'S REPORT

CARRI PLODZIK SANDERSON
Accountants and Auditors
193 North Main Street
Concord, New Hampshire 03301

To the Members of the Board of Selectmen
Town of Webster
Webster, New Hampshire

We have examined the combined financial statements and the combining fund financial statements of the Town of Webster, New Hampshire as of and for the year ended December 31, 1983, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset Group of Accounts which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the combined financial statements and the combining fund financial statements referred to above present fairly the financial position of the Town of Webster, New Hampshire at December 31, 1983, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole and on the combining fund financial statements. The accompanying financial information listed as supplemental schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the combined financial statements of the Town of Webster, New Hampshire. The information has been subjected to the auditing procedures applied in the examination of the combined and combining fund financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

NOTES TO THE FINANCIAL STATEMENTS

December 31, 1983

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies employed in the preparation of these financial statements.

A. Fund Accounting

The accounts of the Town are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped by type in the financial statements. The following fund types and account groups are used by the Town.

GOVERNMENTAL FUNDS

General Fund – The General Fund is the general operating fund of the Town. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges, and the capital improvement costs that are not paid through other funds.

Special Revenue Funds – Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trust or major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action. Included in this type are Federal Revenue Sharing, Public Library and Old Home Day Association funds.

FIDUCIARY FUNDS

Trust Funds – The Trust Funds are used to account for the assets held in trust by the Town.

B. Account Groups (Fixed Assets)

All governmental funds and expendable trust funds are accounted for on a spending or "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources."

Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of available spendable resources during a period.

General fixed assets have been acquired for general governmental purposes and have been recorded as expenditures in the fund making the expenditure. These expenditures are required to be capitalized at historical cost

in a General Fixed Asset Group of Accounts for accountability purposes. In accordance with the practices followed by other municipal entities in the State, the Town does not maintain a record of its general fixed assets and accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in this financial report.

C. Basis of Accounting

The accounts of the General, Special Revenue and Expendable Trust Funds are maintained and reported on the modified accrual basis of accounting. Under the modified accrual basis of accounting, sources of financial resources and assets are recognized when measurable and available to finance operations during the year. Uses of financial resources and liabilities are recognized when obligations are incurred from receipt of goods and services, when assessments are made by the State or in the case of judgments and claims against the Town, when there is a probability that such judgments and claims will result in liabilities, the amounts of which can be reasonable estimated. All Nonexpendable Trust Funds are accounted for using the accrual basis of accounting.

D. Budgetary Accounting

General governmental revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with various legal requirements which govern the Town's operations. The Town budget represents departmental appropriations as authorized by annual or special town meetings. The Selectmen may transfer funds between operating categories as they deem necessary. State Statutes require balanced budgets but provide for the use of beginning fund balance to achieve that end. In 1983, beginning fund balance was applied as follows:

Unreserved Fund Balance		
Used to Reduce The Tax Rate		$30,500
Beginning Fund Balance –		
Reserved For Encumbrances		
Cemeteries	$ 334	
Police Department	50	
Fire Department	1,300	
Parks and Recreation	436	
Fire Department Truck	21,980	
Fire Department – New Equipment	687	
		24,787
Total Fund Balance Applied		$55,287

E. Encumbrances

Encumbrance accounting, under which purchase orders, contracts and continuing appropriations (certain projects and specific items not fully expended at year-end) are recognized, is employed in the governmental funds. Encumbrances are not the equivalent of expenditures and are,

therefore, reported as part of the fund balance at December 31 and are carried forward to supplement appropriations of the subsequent year. The reserve for encumbrances at December 31 consists of the following:

Fire Department – New Equipment	$345

F. Investments

Investments in all instances are stated at cost, or in the case of donated investments, at market value at the time of bequest or receipt.

G. Inventories

Inventory in the General and Special Revenue funds consists of expendable supplies held for consumption. The cost thereof has been recorded as an expenditure at the time individual inventory items were purchased.

H. Taxes Collected For Others

The property taxes collected by the Town include taxes levied for the Merrimack Valley School District, Merrimack County and Pillsbury Lake Precinct, which are remitted to these governmental units as required by law. The ultimate responsibility for the collection of taxes rests with the Town. The payments are recorded in the property tax fund.

An analysis of the 1983 property tax levy is presented below.

	Amount Levied	%
Town of Webster	$ 52,017	11.4
Merrimack Valley School District	335,577	73.3
Merrimack County	60,332	13.1
Pillsbury Lake Precinct	10,100	2.2
Total	$458,026	100.0

I. Property Taxes

Annually, the Town establishes an amount for abatements, discounts and refunds of property and resident tax revenues known as overlay. All abatements, discounts and refunds are charged to this account. The amount raised in 1983 was $1,292 and expenditures amounted to $1,283.

As prescribed by law, the Tax Collector sells at tax sale all uncollected property taxes in the following year after taxes are due. The purchaser at tax sale has a priority tax lien on these properties and accrues interest at 18% per annum. Delinquent taxpayers must redeem property from tax sale purchasers.

Property is sold to the party who will accept a lien for the least undivided interest in the property for payment of taxes and related costs due. If property is not redeemed within the two year redemption period, the property is tax-deeded to the lien holder.

J. Interfund Transactions

During the course of normal operations the Town has transactions between funds to provide services. The accompanying governmental and fiduciary

fund financial statements reflect such transactions as transfers.

K. Intergovernmental Receivables

The intergovernmental receivables at December 31, 1983 consist of the following:

Special Revenue Fund	
Federal Revenue Sharing	$2,009

NOTE 2 – CAPITAL RESERVE FUNDS

The capital reserve fund balances held by the Trustees of Trust Funds at December 31, 1983, are as follows:

Purpose	Amount
Town Buildings	$54,463
Fire Equipment	1,474
Sanitary Landfill	737
Cemetery Improvements	2,108
Cemetery Equipment	516
Police Equipment	514
Police Cruiser	3,617
Highway Equipment	2,572
Fire Truck	10,357
Total	$76,358

NOTE 3 – PENSION PLAN

The Town participates in the State of New Hampshire Retirement System. The Town's contribution for normal cost of the plan is based upon an actuarial valuation on the entire State plan. Since the actuarial valuation is performed on the entire State plan the amount, if any, of the excess of vested benefits over pension fund assets is not available. The Town does not have an accrued liability for past service costs. Pension costs amounted to $1,924 in 1983.

NOTE 4 – TRUST FUNDS

The principal amount of all nonexpendable trust funds is restricted either by law or by terms of individual bequests in that only income earned may be expended. The Town's nonexpendable and expendable trust funds at December 31, 1983, are detailed as follows:

Purpose	Nonexpendable	Expendable
Cemetery – Perpetual Care	$19,224	$285

NOTE 5 – SANITARY LANDFILL AGREEMENT

The sanitary landfill agreement with the Town of Hopkinton provides that the Town of Webster will pay 20% of the yearly expenses of the landfill operation. In addition, the Town receives from Hopkinton 20% of its receipts from the Town of Warner for its use of the facilities. The net expense to the Town in 1983, after the above reimbursements, was $1,395.

REPORT OF THE WEBSTER FIRE DEPARTMENT

The Officers of the Webster Fire Department for 1984 are as follows: Deputy Chief, David Jones; Captain, Mike Jenovese; Lt., Bob Lake; 2nd Lt., Dan Creighton; 2nt Lt., Dan St. Cyr; Sec. – Treasurer and Medical Squad Director, Carol Creighton; Medical Squad Training Coordinator, Sally Becker. We have a total of 20 active members and will gladly accept more. If you are interested, contact me or visit us on our regular meeting night, which is Thursday at 7:30 P.M.

In 1983 we responded to 104 calls:

Medical Aid	35	Mutual Aid Drills	3
Fire Alarm Activation	10	Auto Accidents	7
Mutual Aid Calls	12	Smoke Investigations	2
Chimney Fires	12	Furnace Problem	1
Wires Down	7	Drownings	2
Structure Fires	2	Missing Person	1
Brush Fires	4	False Alarms	6

We have six Nationally Registered E.M.T.'s (Emergency Medical Technicians) and one Paramedic on our department. Many of the firefighters are also trained in C.P.R. and advanced First Aid. Our E.M.T.'s and firefighters are constantly training. The E.M.T.'s have just recently completed a recertification course in Hopkinton. We have six firefighters taking a Certified Firefighters Course at the Contoocook Fire Station with a completion date in June of 1984. I would like to thank the E.M.T.'s and firefighters who have taken, and are still in the process of taking these courses for the many hours spent away from Home and Family. Thank you very much!

We have received our new Pumper Tanker, which should be a big advantage to the people of Webster. It came in April, from Middlesex Fire Equipment of Montpelier, Vermont, which did an excellent job in building the new truck.

The Webster Firemen's Relief Association raised the sum of $3,301.00 toward the purchase of the new Pumper Tanker. This was raised through barbecues and raffles run by the Fire Department. Many thanks to the people who supported the different functions, and many thanks to all the Firemen and their Families for their support in the Fire Department.

In 1984 we are asking for $10,000 to be put away in the Future Fire Equipment Truck Fund. We also are in need of four new tires and updating of hose this year. We are also asking for $4,500.00 to have the rust repair work done on 65-M3. If this problem is not taken care of, it could run into a great amount of money for the taxpayers of Webster.

Our Department would like to thank the residents of Webster for their support and donations and help in many ways. I would personally like to thank all the Medical Squad Members and Firefighters for their hours of service they have given. We have a well trained and equipped fire department.

As of 1/1/84 the Fire Department will levy a charge of $15.00 for inspections of wood stove installations as required by the major insurance carriers.

Respectfully submitted,

P. WILLIAM WELCOME, Chief
Webster Fire Department

REPORT OF THE POLICE DEPARTMENT

1983 has been another busy year for the Webster Police Department. We are happy to report that our burglary rate has dropped even further than it had last year! We thank YOU, the TOWNSPEOPLE, for this drop, since we had two ATTEMPTED burglaries this year – one where they gained entry, the other where they never did actually get into the house. In both cases, they apparently were scared off before they had a chance to take anything! We feel this was probably due to YOUR being alert and diligently reporting to us any suspicious persons or vehicles so that we could check them out. – and we DO check out EACH reporting. Therefore, our actual burglaries this year were only 2 – and 1 of these was cleared by arrest.

This year has been a very unhappy one in one respect – we have had more than our share of untimely deaths. One was of natural causes, but we also had three suicides and two drownings. We are hoping 1984 will prove to be much less 'morbid.'

On the brighter side, we had a gentleman who came close to drowning, but who was saved by the quick action of three youths and a nurse swimming nearby.

Our motor vehicle accident rate this year is identical to last year's – 18 accidents. This attests to the good driving skills of our Townspeople and to the diligence of our road crew in all kinds of weather.

We had slightly more animal complaints this year than last – mostly on dogs. We have been asked by Webster residents what we do when we find 'lost' or stray dogs. First, we look for their license tags. If they are licensed and are wearing their tags, we look up their owner's name from the number on the tag, and it is an easy task returning them to their 'family.' This is one reason why we stress you license your dog. It is protection for him if he becomes 'lost' and a big help in assisting us to return him to the proper home again. If they are Not licensed or for some reason are not wearing their tags, it becomes a lot more difficult to return them to their loved ones. But still we try. We have 'key people' scattered throughout the town who know a lot of the pets in their areas and who assist us with trying to match the 'lost' animal up with his humans again. We take them to the S.P.C.A. only as a last resort.

This year Webster's officers became qualified with a handgun through the Sheriff's Department. Last year the Townspeople granted our request for $500.00 to be put aside to be used for the purpose of purchasing new handguns and new holsters. This year we are asking for $350.00 to go with the $500.00 granted us last year so that we can go ahead and actually purchase the new handguns and holsters for same.

We wish to take this chance to thank the Webster Police Ladies Auxiliary for their time, efforts and work this year. Their activities ranged from providing the Float to represent the Police Department for Old Home Day to running a Tupperware party for the benefit of the P.D. This year the Auxiliary received some donations of money, several in the Memory of Ted Peno. These are still unexpended; we are saving in hopes to help defray the cost of some large piece of necessary equipment in the future. We did buy a 'cruiser mate,' however, (this is a compartmented box which we keep our papers and pens etc. in) and this was purchased with some of the money from donations in Ted's memory and has a dedication label stating this.

Once again, we thank you Townspeople for your support and backing. We are

trying hard to keep the budget down, and you will notice that our overall projected budget for the Police Department this year is a little less than it was last year.

Respectfully submitted,
AIME J. ROY, Chief

REPORT OF THE HIGHWAY DEPARTMENT

Construction work was done on a portion of Shore Road from Warner Road to Holling Drive. Additional Highway Subsidy funds, totalling $3,339. were used on this project. The balance of Additional Highway Subsidy funds, TRA funds and some summer maintenance money, in all totalling $12,660., were used for reconstruction of a portion of Little Hill Road. The above mentioned roads were sealed, also from the Warner/Webster town line to Dawe's, Holling Drive, Hardy's Hill, Clough and Sanborn Hill, and Roby Road from the Warner/Webster town line to Dodge's. Total costs for sealing were $11,064.

A total of 1082 cubic yards of gravel and 90.91 tons of cold patch were put on various roads. 270 feet of new culverts were put in, replaced or extended on Allen Road, Mutton Road, Pleasant Street, Roby Road and Garrison Lane (off Hannah Dustin Drive). The "S" corner on Clothespin Bridge Road was cut back. Most of the roadsides were mowed and some brush was cut and chipped.

A change in the highway aid laws now combine TRA and Highway Subsidy Programs into a single Highway Block Grant Aid Program. This change went into effect July 1, 1983 which accounts for the lesser figure shown as revenue for Highway Subsidy than was estimated on last year's budget. The Highway Block Grant revenue figure includes revenues received after July 1, 1983 which were formerly listed as Highway Subsidy, plus the State's portion of former TRA funds.

We plan further reconstruction work on Shore Road and Little Hill Road in 1984. We hope to continue with our sealing program to help preserve the tar roads.

Respectfully submitted,

ROBERT E. MOCK,
Road Agent

REPORT OF THE WEBSTER FREE PUBLIC LIBRARY

We the trustees of the Library are happy to report that the library has had another very successful year. Our circulation continues to be on the rise thanks to the efforts of all involved. The children's story time Wednesday morning continues to be a highlight with our younger patrons.

Friends of the library have continued their suport in many ways, one of which is to pay Edna Case for keeping the Library open on Monday evenings 6-8.

Webster Extension Group has generously continued the subscription to the Readers Digest in Large Print.

We wish to thank all who have donated books to the library this year, some of which include The Read Aloud Handbook, donated by Debbie Stebbins; Faces of New Hampshire, donated by Mr. & Mrs. Fred Fleming; The new Webster History, donated by Mr. & Mrs. Fred Dawe.

Among the new additions this year we are happy to report new books in the large print division, as well as all other divisions.

We have added to our circulation 476 new books and withdrawn 316. We have 75 books donated by the State Library when they discontinued the book mobile services and 110 that we rent from the publisher. Total books for circulation 2,793.

We wish to invite all to avail themselves to the books and services of the library.

After giving fifteen years of faithful service as Trustee and Treasurer, we are sorry to announce the retirement of Sylvia Hook. We will very much miss her and extend our thanks for these many years of help and expertise in the operation of our Library.

REPORT OF BUILDING INSPECTOR

The year produced an upsurge of building in Webster after a couple of dull years. The activity was mostly in the Pillsbury Lake area where several new homes were built.

Twelve permtis were issued, along with a trailer permit.

Respectfully submitted,

SAMUEL J. WILSON

As Webster's first Building Inspector appointed by the Selectmen, reappointed for several terms I hereby submit my resignation as of April 1, 1984. Thank you gentlemen.

SAMUEL J. WILSON

The Board of Selectmen would like to take this opportunity to thank Sam for his many years as Building Inspector for the Town of Webster and regretfully accept his resignation.

WEBSTER PARKS AND RECREATION COMMISSION

We had more plans for 1983 than we accomplished due to circumstances beyond our control and our limited budget but plan to finish these projects and take on more in 1984.

We plan to finish loaming and seeding the area near the grove, make the dressing rooms more serviceable, get the gate in place at the entrance to the grove, and temporarily improve the baselines for the '84 season. We also plan to improve the picnic facilities and have some playground equipment in the grove.

In 1985 we're hoping to completely renovate the infield with the help of the Army Reserves from Manchester. We are presently waiting for a reply from the Commander. By enlisting the aid of the Reserves we pay only for the materials needed which we anticipate to be about $1,000.

REPORT OF DISTRICT AUDITOR

I have examined the accounts of the Commissioners, Treasurer and Clerk of the Pillsbury Lake District for the Year 1983 and find them correctly cast and properly vouched.

Respectfully submitted,
VIRGINIA RUZGIS
Auditor

ANNUAL MEETING

The Annual Meeting of the Pillsbury Lake District was held on Saturday, March 12, 1983 at 10:00 A.M.

Steve Gilman read all the warrants first.

1. To hear the report of the district commissioners and any vote relating thereto.

   There are now two wells on the peninsula. They have both been tested and the water is safe for drinking. A pump has been installed and has added substantially to our capacity for delivering water to both sides of the lake area.

   Two new houses have been built in the district.

   Repaired several water lines that were leaking.

   Cost of electricity has gone up quite a bit in the last two or three years.

   Expended enough money to do some work in the district building.

2. To choose all necessary officers as follows:
   (a) To choose a clerk to serve until the next annual meeting. Eleanor L. Hoffman
   (b) To choose a moderator to serve until the next annual meeting. Bruce E. Friedman
   (c) To choose a treasurer to serve until the next annual meeting. Lee Durgin
   (d) To choose an auditor to serve until the next annual meeting. Virginia Ruzgis
   (e) To choose one (1) commissioner to serve until the annual meeting of 1986. Jeffrey J. Siegel

   The entire slate was elected by unanimous consent.

3. To adopt a budget and make necessary appropriations from water revenues and other available funds for ensuing year.

   Budget reviewed. Set aside $500. Capital Reserve Funds for water survey, etc. Adopted the budget as written and made the necessary appropriations for the coming year.

4. To see what sum of money the district will vote to raise by taxation and revenues and other available funds for the ensuing year.

   Accepted as read. The sum of money on page 56 of the warrant. $20,200.00

5. To see if the district will vote to authorize the commissioners to borrow money in anticipation of revenue and taxes.

   Accepted by unanimous vote.

6. To see if the district will vote to authorize the district commissioners to transfer any unexpended balance of money from one appropriation to another within the budget.

   Both items 5 and 6 were accepted as one item.

7. To transact any other business which may legally come before this meeting.

   What legal explanation if someone builds – will they be supplied with water or not?

The meeting adjourned at 10:45 A.M.

Respectfully submitted,
ELEANOR L. HOFFMAN
